Street Jesus News:

Welcome to the August edition of our e-news.

So here we are in the midst of the summer sporting season. The Tokyo Olympics are here, Wimbledon was fantastic, the cricket season is well under way and England reached the finals of the European championships in football. Sport for many is very uplifting and certainly there is a lot of flag waving and patriotism on show at this time, we all want our national sporting teams and individuals to do well. These events can be a real cause for celebration and a boost on the back of a pandemic which has been a misery for many. I am a life long

football fan. I attended my first match at Portman road in 1967, I fell in love with Ipswich town and haven't stopped going since, through good times and bad. Its extraordinary how your mood can be affecting according to the result of a football match. I often see football as a microcosm of life. Sometimes its great when you are scoring goals, winning cups and being entertained but all to often you

take a kick in the shins, score an own goal, make mistakes or get relegated. As in life there are challenges triumphs and failures and you experience opposition to your aims in life.

Our team can become a huge part of our identity, going to extraordinary lengths to support our team. Our passion becomes out of perspective to the more important things in our life. Rivalries can

be so intense that it effects good relationships with others and can lead to violence. Its interesting since coming to faith in 2007my perspective on football has changed dramatically. Certain football chants I will no longer sing because they denigrate others. My language has improved and although football is still enjoyable its

far less important as my identity has shifted from football follower to follower of Christ. A football team comes nowhere near satisfying the soul when compared to Jesus.

Looking back over those years as a supporter Ipswich winning he FA cup was the greatest highlight. Roger Osbourne a local lad scored the

only goal against Arsenal with 13 minutes left. It was the longest 13 minutes of my life. I would have identified very much as an atheist in those days but I found myself praying for the win in those final minutes. We won which was the cue for ecstatic celebrations. It is interesting though that the banner

I took to Wembley that day read ' May the best team win, please God make it Ipswich.' Its amusing now to think that God would be remotely

Street Jesus News:

interested for Ipswich to win the FA cup, after all no doubt a good many Arsenal fans would have been praying for an equaliser, I have witnessed some wonderful footballers over the years. I have witnessed some wonderful footballers over the years with some incredible skills Pele, Franz Beckenbauer, Johan Cruyff, George Best, Lionel Messi and Ronaldo to name but a few but increasingly i feel wonder at God for creating his creatures with such dexterity, power pace and technical

skills. Whatever skills they display to thrill us, God makes possible. Football like church is a community, it brings people together in common cause. There is singing and worship of the players but we worship an awesome God who surpasses it all, who's love is beyond our understanding and amazingly its all just a personal decision away and is completely free (in money terms) The decision though requires a sacrifice, we are to carry the cross which is not always easy and yet God is there with us amidst the difficulties.

We are planning for our AGM on September 13th before beginning our great reset to work again on the Street. We are looking to set out our stall for the year ahead.

We will also be running a course on Discipleship and evangelism beginning later in September to help equip us for the time ahead. We are basing the course on the teachings of Andrew Womack. There are varying views on Andrew Womack but we are using the course and its subject matter to ask two basic questions 1) What are non-Christians likely to think about this subject / passage 2) How do we explain

this and give a reason for our hope in a way that can be understood.

We are very much looking forward to getting out there again and we have recently received an invitation which we have accepted to attend the Climate change awareness day on September 19th at Kingston field in Woodbridge. More details to follow in our September edition.

What have we as Christians got to say on this subject? how do we deal with the the whole issue of climate change? particularly its causes, which can provoke very strong passions and opinions. We believe that as Christians we have been given a planet to look after, we

are to be stewards of the earth. Humanity has been given every resource to cater for our every need but increasingly those resources are over used or distributed unequally and although its always been the poorest who have suffered disproportionately from climate change it is fast becoming something that is

effecting everybody. Its interesting to see that we have billionaires who have spent a fortune to become space tourists which can only damage the environment whilst others have bought up a large part of the Amazonian rain forest solely with the objective of conserving it. It is vital as the lungs of the world that it should be protected. How and where we spend money is increasingly a matter of life and death. Each of us can play our part to be green and environmentally aware and we can pray for Gods creation to be restored.

We have been pleased to receive donations from the Ella's bits and bobs selling page with whom we

have been working in partnership with some of our team members helping to organise sales of second hand items in Wickham Market village hall. In June and July we were able to donate \pounds 203 and \pounds 93 respectively to the Beehive Childrens foundation Africa. The next sales are yet to be confirmed but are likely to be at the end of October and November.

Our bible reading this month is from the book of Nehemiah which describes the rebuilding of the city walls in Jerusalem. Its interesting that many families were allocated a section of the wall to build, some sections larger than others. Today we are to build Gods kingdom here on earth and likewise each of us has a part to play in Gods plan. Some seemingly have a small part and others a larger part. We note too that there was opposition to the building project in fact a lot of sustained opposition, by the same token we too can experience opposition to our kingdom work. Interestingly the builders read from the scriptures, they made a vow to God to obey, confessed their sins and repented. In this respect nothing has changed from the time of the old testament.

Have a great month and we hope you enjoy reading our page. May you receive every

My Savior Carrie Underwood

BOOK OF THE MONTH Christians know what Jesus Christ has done--but who is he? What is his deepest heart for his people, weary and faltering on their journey toward heaven? Jesus said he is "gentle and lowly in heart." This book reflects on these words, opening up a neglected yet central truth about who he is for sinners and sufferers today.

THANK YOU !

"So on October 2nd the wall was finished just 52 days after we had begun. When our enemies and surrounding nations heard about it they were frightened and humiliated. They realised that this work had been done with the help of our God. During those 52 days many letters went back and forth between Tobiah and the nobles of Judah. For many in Judah had sworn allegiance to him because his father in law was Shecaniah son of Arah and his son Jehohanan was married to the daughter of Methusaullam son of Berekiah They kept telling me of Tobiahs good deeds and then they told him everything I had saidand Tobiah had kept sending me threatening letters to intimidate me. After the wall was finished and I had set up the doors ion the gates, the gatekeeper singers and levites were appointed. I gave the responsibility of governing Jerusalem to my brother. Hanani along with Hananiah the commander of the fortress, for he was a faithful man who feared God more than most. I said to them "Do not leave the gates open during the hottest part of the day and even while the Gatekeepers are on duty, have them shut and bar the doors Appoint the residents of Jerusalem to act as guards, everyone on a regular watch. Some will serve as sentry posts and some in front of their own homes" Nehemiah 6:15-7:3
